

Leading the Way *Strong Women at the Helm*

As we celebrate the Home Builders Association of the Grand Traverse Area 50 Year mile mark we'd like to give a special acknowledgment to our Past Female Presidents. Over the past 50 years, there have been 3 women Presidents of the HBAGTA.

As the only second-generation Past President, Sally Erickson brought her commitment and dedication to our community and served both in 1998 and again in 2005. Sally followed in her father, Richard Erickson's footsteps who served as President in 1982. Angie Glynn served as the President in 2001 and carried on a familial legacy following her husband's, Mark Glynn former term in 1995. Marcy Hurst was our third woman President in 2018. All these women have been instrumental in carrying on a strong legacy with continued success with our Home Expo and Parade of Homes and member events.

With the support of the Board of Directors, committee members and volunteers continued growth has been achieved through the scholarship program, strategic planning, education, sustained bylaws, legislative awareness and participation and on-going involvement and dedication within our community under their leadership. Our local HBAGTA community has continued to thrive over the years and it is our pleasure to thank and acknowledge these talented and committed women for their contribution to our association and community.

Sally Erickson
1998 & 2005

Angie Glynn
2001

Marcy Hurst
2018
